

Rubber Band Gun

Written By: Tom

TOOLS:

- [Hammer \(1\)](#)
- [Wire cutters \(1\)](#)

PARTS:

- [Nails, 1cm long \(1\)](#)
- [Wood \(1x10 cm\) \(1\)](#)
- [Elastic bands \(1\)](#)

Step 1 — Rubber Band Gun

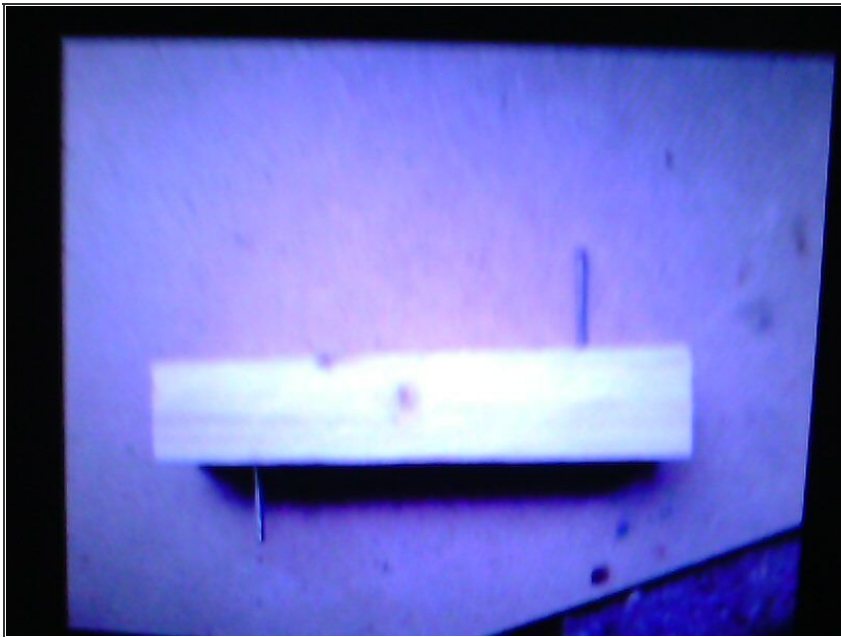

- You will need a hammer,
- wire snips,
- wood your desired size about 1cm thick and about 10 cm across,
- elastic bands 3>,
- 1cm nails.

Step 2

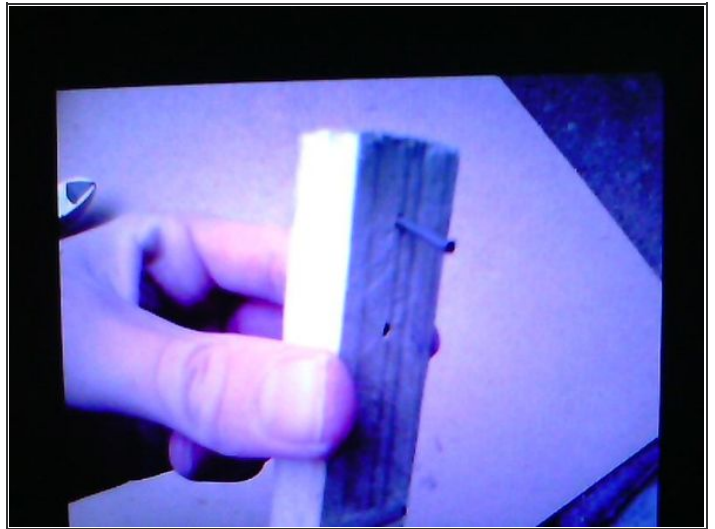

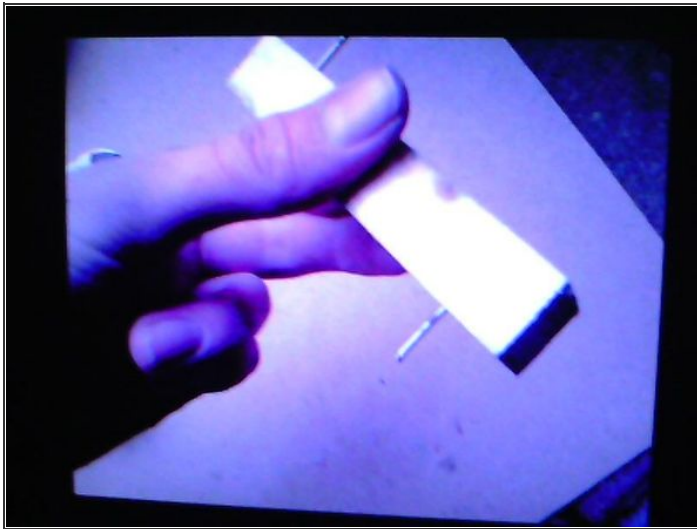

- Hammer one nail about 1cm in.

Step 3

- Then hammer another nail on the opposite side on the other end as pictured.

Step 4

- Some more views of it.

Step 5

- Lay pieces out like this.
- Hold them together with elastic bands (2 or more).

Step 6

- Just snip the nail down a bit for more reliability.
- Pop a rubber band over the nail at the top then tuck it in the gap between the two bits of wood.

Step 7

- Have fun!!!

Get ready for a mission!!!
